SUMMARY

Senior mobile app developer building production apps across ERP-integrated POS, e-commerce and FinTech. Developed CNDroid (POS with embedded ERP), HuluBeje (e-commerce super app, 10k+ downloads) and the HuluBeje Delivery driver app, then moved to FinTech at Kacha DFS: IFB financing app with integrated wallet, wallet apps for partner banks, and white-label, co-branded and insurance apps on a shared architecture. Passionate about AI-accelerated delivery and designing the best UX for end-users.

EXPERIENCE

Senior Mobile App Developer · Kacha DFS

Jan 2026 - Present

Addis Ababa

- Building the IFB financing mobile app with an integrated wallet feature, adapting the finance request flow for multiple bank providers
- Delivering a banking wallet app tailored for each partner bank, with localized onboarding, KYC and payment flows
- Shipping white-label mobile apps for partner applications, reusing one shared Flutter core under each partner's branding
- Maintaining co-branded apps and insurance applications on the Kacha platform, keeping them aligned with bank expectations
- Maintaining Kacha's digital wallet and payment platform serving thousands of users, in an agile delivery model

Mobile App Section Head · Red-Cloud ICT Solutions

Mar 2022 - Jan 2026

- Led the mobile division: drove technical standards, architecture guidelines, code review and mentorship for the team
- Developed ERP-integrated products: CNDroid Mobile POS (receipt printing, embedded ERP), Kitchen Display and Cinema TV apps
- Built HuluBeje, a full-featured e-commerce super app with 10k+ downloads, and the HuluBeje Delivery driver app covering the full ordering-to-doorstep journey
