SUMMARY

Senior full-stack engineer focused on architecting backend systems with NestJS, Firebase, Supabase and Redis. Designs modular APIs, data models, background job pipelines and real-time services for financial and commerce applications. Built Asayew's advertising platform and Josad's job aggregation backend, serving 15k+ Telegram members.

EXPERIENCE

Senior Mobile App Developer

Jan 2026 - Present

Kacha DFS · Addis Ababa

- Develop IFB financing and partner-bank wallet applications, integrating mobile clients with financial-provider APIs.
- Maintain Kacha's digital wallet and payment platform serving thousands of users.

Mobile App Section Head

Mar 2022 - Jan 2026

Red-Cloud ICT Solutions

- Designed NestJS APIs for HuluBeje, covering order processing, real-time seat management and delivery dispatch.
- Led the mobile division, setting architecture standards, reviewing code and mentoring developers.
- Built CNDroid Mobile POS with ERP integration and receipt printing for merchants.

SELECTED PROJECTS

Asayew | Telegram Advertising Marketplace

Architected a modular NestJS backend for a multi-tenant advertising marketplace. Uses Firestore transactions for wallet-based purchases, Redis caching and Bull jobs for automated ad publishing, pinning and expiry, with role-based access.

NestJS · Firebase / Firestore · Redis · Bull · Telegraf · Next.js

Telegram Bot

Josad: Job Aggregator Platform

Built a modular NestJS API and Python job pipeline for a platform serving 15k+ Telegram members. Aggregates and classifies jobs with SVM/BERT, then distributes posts through four Telegram bots using queued background processing.

NestJS · Python · Firebase / Firestore · Redis · BullMQ

Telegram Channel (15k+) | Platform

Dispatcher API

Order lifecycle and dispatch engine matching HuluBeje orders to eligible drivers, from placement through delivery and review.

NestJS · Supabase · Redis

Red Cache

Real-time seat management, movie notifications and weekly chart reports connecting HuluBeje with Cinema ERP POS.

NestJS · Redis

HuluBeje Super App

Commerce super app with 10k+ downloads, backed by NestJS and Redis for ordering and real-time data.

Flutter · Firebase · NestJS · Redis · .NET Core
