SUMMARY

Senior mobile developer and former mobile team lead building Flutter applications across financial services, commerce and ERP. Experience spans digital wallets, lending, partner-bank integrations and reusable white-label architecture. Delivered HuluBeje, a super app with 10k+ downloads, alongside POS, delivery and TV applications.

EXPERIENCE

Senior Mobile App Developer

Jan 2026 - Present

Kacha DFS · Addis Ababa

- Develop IFB financing and partner-bank wallet applications with provider-specific finance requests, onboarding, KYC and payments.
- Deliver white-label, co-branded and insurance applications on a shared Flutter core with partner-specific branding.
- Maintain Kacha's digital wallet and payment platform serving thousands of users.

Mobile App Section Head

Mar 2022 - Jan 2026

Red-Cloud ICT Solutions

- Led the mobile division, establishing architecture standards, reviewing code and mentoring developers.
- Built CNDroid Mobile POS with ERP integration and receipt printing, plus Kitchen Display and Cinema TV applications.
- Delivered HuluBeje (10k+ downloads) and its companion driver app, connecting customer ordering with last-mile delivery.

SELECTED PROJECTS

Berhan Derash (Loan App)

Mobile financing application supporting cash loans, salary advances and school loans.

Mobile Financing · Loan Application Flows

Google Play

Kacha Mobile App

Digital wallet and payment application serving thousands of Kacha DFS users.

Flutter · Firebase · FinTech

Google Play

IFB Financing App

Interest-free financing application with multi-bank finance requests, integrated wallet and KYC flows.

Flutter · Finance Request Flows · Bank Integrations

Partner Bank Wallet Apps

Independently deployed bank wallets with partner branding, onboarding, KYC and payments.

Flutter · White-Label Architecture

HuluBeje Super App

Commerce platform with 10k+ downloads, combining ordering, payments, seat booking and a companion delivery-driver app.

Flutter · Firebase · NestJS · Redis · .NET Core

Google Play | Screenshots

CNDroid Mobile POS

Android point-of-sale application integrating merchant sales, ERP workflows and receipt printing.

Flutter · Android (Java) · ERP
